Precious Woods

Reforestation services

An achievement of **GFEC** and **Precious Woods**

Precious Woods

**How do I improve my
area ecologically?**

**Or how do I meet
ecological requirements
in my company?**

Who we are

We offer you in-depth **expertise** in both **reforestation** and **scientific-based performance monitoring**. This means you have a single point of contact to **help you achieve your ecological goals** within the company.

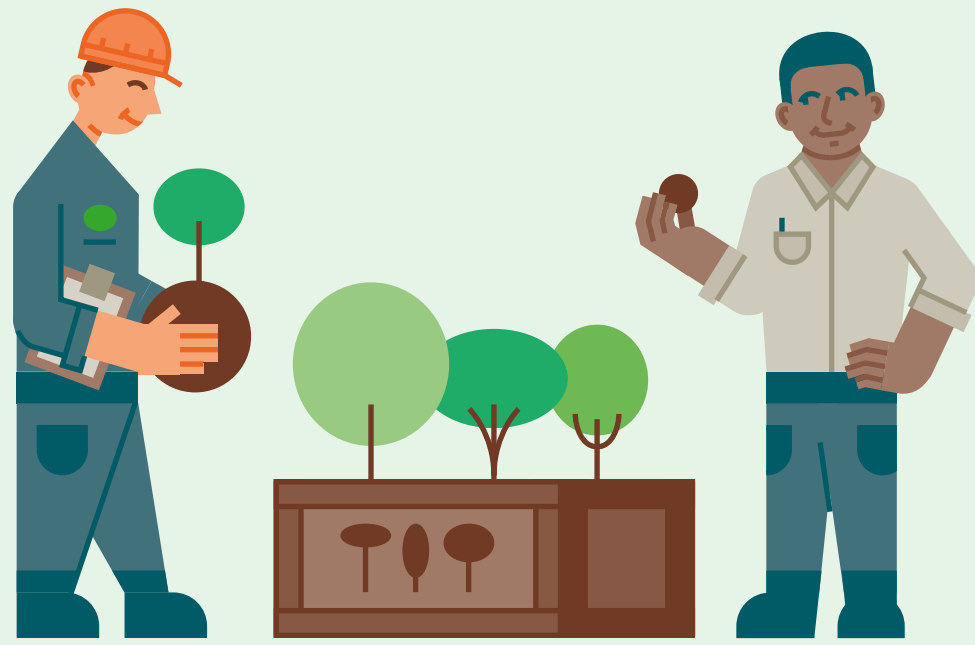

Precious Woods

Precious Woods

What we believe in.

Our mission

With this one-stop shop reforestation service from two **Gabonese** specialists with international backgrounds, networks and experiences from **Gabon and Switzerland**, we want to **improve** the sustainable and economic future. So that your company can achieve a better **environmental footprint**. We believe that **carbon** and **biodiversity credits** are a currency of the **future**.
